"Lot Line, Front" means the lot boundary that is common to a parcel and a highway. Where a lot is at the corner of two highways the determination which lot line is Front and which is Exterior Side, in order to establish Minimum Required Lot Line Yard Setbacks, will be at the discretion of the owner. On a lot with a continuous curve (no abrupt change in direction) the entire curve will be considered the Front Lot Line.

"Lot Line, Rear" means the lot boundary that is common to a parcel and that is generally parallel and opposite to the front lot line.

"Lot Line, Side" means a lot boundary that is not a front lot line or a rear lot line, and includes an exterior side lot line being the lot boundary that is common to a parcel and a flanking highway and an interior side lot line being the lot boundary that is common to a parcel and an immediately neighbouring lot.

Bylaw 160 **"Manufactured Modular Home"** means a *Single Detached Dwelling* factory-built to CAN/CSA A277 standards for residential occupancy and designed to be transported to the building site by transport and placed onto a permanent foundation. ~~Manufactured Modular Home~~ shall not include a recreational vehicle or a park model recreation unit.

"Minimum Required Setback" means a portion of a parcel adjacent to a lot line that is required by this Bylaw to be unoccupied by buildings and structures, but excluding eaves, gutters, cornices, sills, chimneys, or other similar building features, provided that such projections do not encroach more than 60 centimetres into the *minimum required setback*, and uncovered patios, terraces, steps or stairs.

"Mobile Home" means a *Single Detached Dwelling* built to CAN/CSA Z240 standards for residential occupancy and designed to be transportable on wheels. *Mobile Home* shall not include a recreational vehicle or a park model recreation unit.

"Mobile Home Park" means premises used for the placement of two or more *Mobile Homes* on a *Lot*, and may include associated services or offices.

"Motel" or "Hotel" means a building or group of buildings containing rentable units, occupied or intended to be occupied temporarily by tourists or transients with each unit having its own parking space conveniently located on the parcel and being self-contained, having its own bathroom with a water closet and a bath or shower, with or without cooking facilities. Access may be by individual access from the exterior for each unit or by common access and hallways.

"Natural Boundary" means the visible high water mark of any lake, river, stream or other body of water, where the presence and action of the water are so common and usual, and so long continued in all ordinary years as to mark upon the soil of the bed of the lake, river, stream or other body of water, a character distinct from that of the banks thereof in respect to vegetation, as well as in respect to the nature of the soil itself. The District may require verification of such by a BC Land Surveyor.

"Nuisance" means an unreasonable interference with the use and enjoyment of land.

"Panhandle Lot" means a *Parcel* which has its primary legal access from an access road through a narrow strip of land which is an integral part of the *Parcel*. This narrow strip is referred to as the panhandle area.

"Parcel" means:

- (a) a single area of land with defined boundaries and registered under the provisions of the Land Title Act; or,
- (b) a single area of land with defined boundaries held by way of lease granted by the Federal or Provincial Crown or their agencies.

"Party Wall Agreement" has the meaning prescribed by the Land Title Act.

"Passive Recreation" means a recreational use that: has a minimal impact on the environment; may be subject to Barriere Riparian Area Regulations as detailed in Appendix A of the Barriere Official Community Plan; and, does not create a general nuisance to other users or, adjacent property owners, with respect to safety or the production of continuous or loud noise.

"Personal Service Shop" means a use providing for services to an individual related to the care and appearance of the body. Typical uses include, but are not limited to: barber shops, hair salons, manicurists, tanning salons, tailors, dress makers, dry cleaners and laundromats.

"Persons with Disabilities" means a person whose mobility is limited as a result of a permanent or temporary disability that makes it impossible or difficult to walk.

Bylaw 160 **"Recreational Vehicle (RV)"** means any camper, travel trailer, fifth wheel or motor home with a maximum width of 2.6m in transit mode which can be used to provide sleeping accommodation and which is capable of being licensed for highway use pursuant to the Motor Vehicle Act or any subsequent Act or Acts which may be enacted in substitution therefore.

"Restaurant" means a use providing for the sale of prepared food to the general public for either consumption within the facility or offsite.

Bylaw 160 **"Retail Sales"** means the use of a building for the sale of goods, merchandise, and other materials to the general public, **excluding "Cannabis Sales"**, and includes limited on-site storage, limited seasonal outdoor sales to support the *Retail Sales* operation, and the manufacturing of products to be sold on site, provided the Gross Floor Area used for manufacturing does not exceed 25% of the Gross Floor Area of the *Retail Sales* premises.

Bylaw 160 **"RV Park"** means premises where RVs are used for:
(i) the temporary accommodation of travellers in RVs; or,
(ii) the longer term accommodation of residents in RVs, including Park Model RVs, on designated fully serviced sites,

both approved through the District Development Permit approval process.

"Screened" means blocked by a fence, building, structure or landscape area providing a visual barrier to conceal parking, garbage collection, or storage uses.

"Secondary Dwelling Unit" means a dwelling unit having a floor area less than 40 percent of the habitable floor area of the principal dwelling unit and located either within the principal dwelling unit or, in an accessory building such as a coach house or garden suite that complies with the minimum required setback for the principal building.

"Service Station" means a building or structure, used or intended to be used primarily for automobile servicing, including but not limited to vehicle repair and retail sales of fuel and automotive accessories but excluding outdoor storage of towed vehicles or salvage of any description. [Bylaw No. 127](#)

"Single Detached Dwelling" means a building containing only one *dwelling unit* or, where permitted by this Bylaw, one principal dwelling unit and a secondary dwelling unit.

"Townhome" means a building containing 2 or more dwelling units, each joined to the next by a vertical party wall.

"Watercourse" means any natural or man-made depression with well-defined banks and a bed 0.6 metres or more below the surrounding land serving to give direction to a current of water at least six months of the year or having a drainage area of 2 square kilometres or more upstream of the point of consideration

"Wholesale Sales" means the use of a building or part of a building for the sale of goods to be sold at retail by others.

"Yard, Front" means the yard extending across the full width of a *parcel* between the front lot line and the closest projection of the principal building or structure toward the front lot line.

"Yard, Rear" means the yard extending across the full width of a *parcel* between the rear lot line and the closest projection of the principal building or structure toward the rear lot line.

"Yard, Side" means the yard between the front yard and the rear yard. An **"Exterior Side Yard"** is a Side Yard abutting a street.

"Zone" means the areas into which the District is divided by the *Zoning Map* [Schedule "B"] of this Bylaw, and for which specific regulations are outlined herein for each area.

"Zoning Map" means the map attached as a Schedule "B" to this Bylaw.

DIVISION TWO - GENERAL PROVISIONS

2.1 PURPOSE

The purpose of this bylaw is to implement the direction set out in the District of Barriere Official Community Plan, Bylaw No. 85, with relation to land use. The Zoning Bylaw regulates land use in a systematic and orderly manner for the ultimate benefit of the community and surrounding area by ensuring the various uses made of land and structures develop in proper relationship to one another, having due regard to:

- (a) the promotion of health, safety, convenience and welfare of the public;
- (b) the prevention of the overcrowding of land and preservation of the amenities peculiar to any zone;
- (c) the securing of adequate light, air and access;
- (d) the value of the land and the nature of its present and prospective use and occupancy;
- (e) the character of each zone, the character of the buildings already erected and the compatibility of the permitted uses within each zone; and
- (f) the conservation of property values.

2.2 COMPLIANCE

- (a) No person shall, contrary to the provisions of this bylaw, subdivide any land; erect, construct, locate, alter, reconstruct or maintain any building or structure; locate or carry on any industry, business, trade or calling; or, use any land, building or structure.
- (b) No use of land is permitted in any zone unless that use is specified under the heading "Permitted Uses" in that zone, or in section 3.13 of this Bylaw.

2.3 ZONING BOUNDARIES

- (a) Zoning boundaries shown on Schedule A are generally intended to correspond with *Parcel* boundaries.
- (b) Where a zoning boundary is designated on Schedule A as following a creek that is not a *Parcel* boundary, the centre line of creek shall be the zoning boundary.
- (c) Where a zoning boundary does not follow a legally defined line or creek, and where the distances are not specifically indicated on Schedule A, the location of the boundary shall be determined by scaling from Schedule A.

2.4 AGRICULTURAL LAND RESERVE

- (a) Notwithstanding any other provisions of this bylaw, all lands within the provincial Agricultural Land Reserve except those exempted under Section 19 of the Agricultural Land Reserve Act or a general Order of the Commission, are subject to the provisions of the Agricultural Land Reserve Act, Regulations thereto, and Orders

of the Commission (thereby not permitting the subdivision of land or new non-farm uses unless approved by the Agricultural Land Commission).

- (b) The specification in this Bylaw of minimum parcel sizes for subdivision does not imply that land to which the minimum parcel size applies may be subdivided without the approval of the Agricultural Land Commission.

2.5 INSPECTION

The Building Inspector, the Bylaw Enforcement Officer, or any other official who may be appointed by Council for that purpose, is hereby authorized to enter, at all reasonable times, upon any property or premises to ascertain whether the provisions of this Bylaw are being obeyed.

2.6 ENFORCEMENT

Penalties for non-compliance will be in accordance with the District of Barriere Municipal Ticketing Bylaw No. 71.

2.7 BYLAW AMENDMENTS

An Application for Rezoning shall be treated as an application to amend this Bylaw.

2.8 SEVERABILITY

If any section, sentence, clause, or phrase of this Bylaw is for any reason held to be invalid by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this Bylaw.

DIVISION THREE - SPECIAL PROVISIONS

3.1 NON-CONFORMING USES

A lawful use of premises existing at the time of adoption of the Zoning Bylaw, although such use does not conform to the provisions of the Bylaw, may be continued subject to the provisions of Section 911 of the Local Government Act.

3.2 EXISTING LOT OF RECORD

On any *parcel* of land shown on a plan duly filed in the Land Title Office prior to the passage of this Bylaw, which has less than the required minimum *parcel* size, all permitted uses in the zone shall be allowed provided that all other provisions of this Bylaw are met and the method of sewage disposal complies with the Public Health Act and regulations under that Act.

3.3 MULTIPLE ZONINGS

Where a *parcel* of land is included within two or more separate zoning classifications, each classification with its respective permitted uses, minimum *parcel* size, setback requirements, and conditions of use applies to the area of the *parcel* included within that zone.

3.4 SITING OF BUILDINGS

- (a) The purpose of the requirements of Sections 3.4 (b) through (f) is to reduce the risk of injury, loss of life and property damage due to flooding and erosion. However, the District of Barriere does not represent to the owner or any other person that any building constructed or located in accordance with the said requirements will not be damaged by flooding or erosion.
- (b) Notwithstanding any other provisions of this Bylaw, no building or structure or any part thereof shall be located, constructed, moved or extended:
 - i) within 30 metres of the natural boundary of the Barriere, and North Thompson Rivers;
 - ii) within 15 metres of the natural boundary of any other watercourse; or
 - iii) within 7.5 metres of the inboard toe of a dike constructed to Ministry of Environment standards
- (c) Notwithstanding any other provisions of this Bylaw, no building or structure with the underside of any floor system or the top of any pad supporting any space or room, used for habitation, business, or storage of goods damageable by floodwaters, shall be located:
 - i) lower than the *Flood Construction Level* for the North Thompson or Barriere Rivers or, where the Flood Construction Level has not been determined by the Ministry of Environment or a qualified professional, lower than 3 metres above the natural boundary of the Barriere River.

- ii) lower than 1.5 metres above the natural boundary of any other watercourse.
- (d) Section 3.4 (c) shall not apply to:
- i) a renovation of an existing building used as a residence that does not involve an addition thereto;
 - ii) an addition to a building for residential use that would increase the size of the building by less than 25 percent of the existing floor area;
 - iii) that portion of a building used or intended to be used as a carport or garage;
 - iv) farm buildings, other than dwelling units and closed-sided livestock housing;
 - v) light or heavy industrial development which is required to flood proof to the engineered *Flood Construction Level*; or,
 - vi) industrial buildings and structures protected by a dike approved by the Ministry of Environment.
- (e) The required elevation may be achieved by structural elevation of the said building, structure or storage area or by adequately compacted fill on which any building or structure is to be located or constructed, or by a combination of both structural elevation and landfill. No area below the required elevation shall be used for the installation of furnaces or other fixed equipment susceptible to damage by floodwater.
- Where fill is used to achieve the required elevations stated in Section 3.4 (c), no portion of the landfill slope shall be closer than the distances in Section 3.4 (b) from the natural boundary, and the face of the landfill slope shall be adequately protected against erosion from floodwaters.
- (f) The District may require an applicant for a building permit to provide a plan prepared by a B.C. Land Surveyor locating, in relation to any proposed building or structure, a natural boundary or dike or the horizontal extent of the floodplain associated with an established Flood Construction Level, for the purpose of ensuring compliance with this section.

3.5 ACCESSORY BUILDINGS AND USES

- (a) An *accessory building* may not be erected on any *parcel* unless the principal building exists or a building permit for the principal building has been issued and the principal building is constructed before the building permit expires.
- (b) An *accessory building* or structure used for the storage of marine equipment, not normally damageable by flood waters, may be located along a watercourse without having to comply with the applicable setback requirements in relation to the lot line abutting the watercourse, subject to current riparian area regulations or any applicable development permit conditions.

- (c) The maximum height for a storage container used as an accessory structure in any zone other than Industrial, shall be 3 metres, unless provided with a peaked roof structure, adhering to the character of the principal building.
- (d) The maximum floor area of an accessory building is 65 square metres except where the parcel size is 4,000 square metres or greater.
- (e) Accessory buildings must meet minimum setback requirements for the principal use in relation to front and exterior side lot lines and adhere to the character of the principal building.

3.6 TEMPORARY SITE ACCOMMODATION DURING BUILDING/RENOVATION

A temporary accommodation unit (including a Recreational Vehicle) may be located on a *parcel* for a period not to exceed the duration of the Building Permit issued for the construction of a principal building or structure on the *parcel*. At the expiration of such Building Permit, the temporary accommodation unit shall be removed or brought into conformity with the regulations in this Bylaw applicable to that zone.

3.7 TEMPORARY ACCOMMODATION FOR THE PURPOSES OF CAREGIVING

- (a) Notwithstanding any restrictions contained in this Bylaw or any other bylaw, one additional detached dwelling of a temporary nature may be permitted on any *parcel* of land where a detached dwelling is a permitted use subject to the following:
 - i) the *parcel* of land contains not more than one (1) detached dwelling.
 - ii) The *parcel* of land is a minimum of:
 - a) 4,000 square metres in area if served by a community water system; or
 - b) 8,000 square metres in area if not served by a community water system.
 - iii) The temporary accommodation is to be occupied by a person:
 - a) who is cared for or maintained by the owner of the said *parcel* of land; or,
 - b) who provides required care or maintenance to the owner of said *parcel* of land; and
 - c) where a physician has certified that such care or maintenance is necessary.
 - iv) The temporary accommodation shall meet the minimum required setback of the zone.
 - v) Approved wastewater disposal facilities shall be provided for the temporary accommodation.

- vi) The temporary accommodation use shall be removed from the said *parcel* of land or converted to an otherwise permitted use if any of the conditions specified in Section 3.7 (a) iii) cease to exist.
- vii) Not later than the 31st day of December in each year the owner of the said *parcel* of land shall complete and return to the District Office a statutory declaration stating that:
 - a) the said temporary accommodation is still located on the said *parcel* of land and is still occupied in accordance with the conditions set out in Section 3.7 (b) iii); or,
 - b) the said temporary accommodation use has ceased.

3.8 SECONDARY DWELLING UNIT

- (a) Where a Secondary Dwelling Unit, either detached or within the principal dwelling, is permitted in a zone, the following provisions shall be complied with:
 - i) a building permit is obtained from the District for the Secondary Dwelling Unit;
 - ii) parking is provided in accordance with the requirements of this By-law;

3.9 MANUFACTURED MODULAR AND MOBILE HOME STANDARDS

Bylaw 160

- (a) A ~~Manufactured~~ Modular or Mobile Home, located outside a Mobile Home Park, must:
 - i) be placed upon a permanent foundation as per the current BC Building Code or Screw Piles as approved by a Registered Professional Engineer and approved by the Local Authority having jurisdiction, as opposed to blocking or other temporary form of support acceptable in CAN/CSA - Z240 for Mobile Homes;
 - ii) be finished to grade with an insulated perimeter wall or insulated skirting properly clad as per the current BC Building Code;
 - iii) have a floor dimension between exterior walls of at least 6.5 metres for a minimum of 50% of the building length;
 - iv) comply with CAN/CSA standards (A277 for Factory-built / Manufactured and CAN/CSA Z240 for Mobile Homes);
- (b) As an exception to 3.9 (a)(iii), a ~~Manufactured~~ Modular or Mobile home outside a Mobile Home Park, existing at the passage of this bylaw and not meeting the minimum width requirements will be deemed to be an additional legal permitted use on that specific property and can be replaced.
- (c) Mobile Homes located in Mobile Home Parks shall comply with CAN/CSA Z240 standards and be protected by insulated skirting.

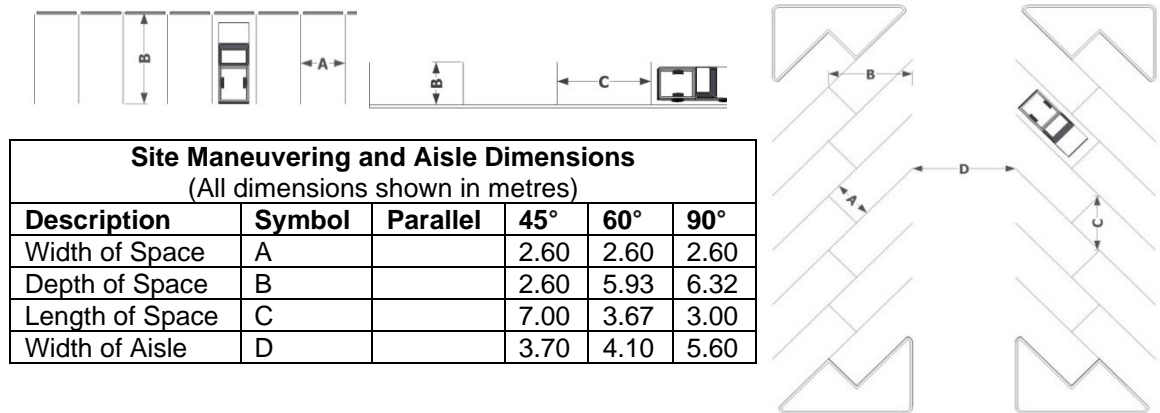

3.10 OFF-STREET PARKING AND LOADING

- (a) No person shall use any land, building or structure for a use indicated in the left hand column of the following table without providing the number of off-street parking spaces indicated for that use in the right hand column. Where the table requires a fractional number of spaces, the next highest whole number of spaces are required and where a use is not listed in the table the applicable requirement is the requirement for the most similar use that is listed:

Use	Parking Spaces Required
Residential	2 parking spaces per dwelling unit
Multi-Family residential	1.5 parking spaces per dwelling unit
Secondary Suite	1 parking space per suite
Pet boarding and breeding kennels	1 parking space per 30 square metres of service area, plus 1 parking space per 90 square metres of storage area

Offices	1 parking space per 30 square metres of gross floor area
Fair, exhibition and rodeo grounds	1 parking space per 10 square metres of gross floor area

- (b) Every off-street parking space shall have, at all times, direct vehicle access to a public thoroughfare.

- (c) Where a number of uses are located in the same building or on the same *parcel*, the number of parking spaces required shall be the total of required parking spaces for each use.
- (d) Every parking space required by this Bylaw shall be hard surfaced or gravelled and treated by the owner to render the *parcel* and the adjacent highway free from mud and dust at all times.
- (e) Parking lots shall be provided with curbs or other barriers to ensure vehicular movement only from authorized points of egress and to completely contain vehicles within the area so used.
- (f) The minimum site maneuvering and aisle dimensions shall be as shown in the following table and diagrams:

Parking space length may be reduced to 4.57m for isolated spaces (caused by column placement, etc.) up to 5% of the number of required spaces. Such spaces must be clearly marked "small auto only" on the pavement or wall facing. In lots exceeding 100 spaces in number, up to 20% of the spaces may be reduced to 4.57m in width provided those spaces are provided in groups of at least 20 spaces marked "small auto only" on the pavement or wall facing and provided the area is signed "This section small autos only".

- (g) Designated Parking Spaces for Persons with Disabilities

Off-street parking spaces for persons with disabilities must be:

- i) provided with an access space of 1.3 metres in width adjacent to the parking space and not part of any other required parking space. Where this access space is adjacent to another off-street parking space for persons with disabilities, the access space may be shared between the parking spaces.
- ii) clearly marked by a painted wheelchair symbol on the pavement, and by a sign facing toward the parking space and complying with the size and design specifications for such a sign prescribed in the Motor Vehicle Act Regulations;
- iii) constructed and located so as to allow convenient access to the entrance

to the building or use for which the spaces are provided, in accordance with the following table:

Required number of spaces under subsection (a)	Required number of spaces for persons with disabilities
Under 26	0
26-75	1
76-125	2
Over 125	3

- (h) Off-street parking spaces required by this Bylaw may be provided and maintained off the parcel on which the use requiring the spaces is located or proposed, provided the *parcel* containing the spaces is located within 90 metres of the *parcel* requiring the spaces.
- (i) Where off-street parking spaces are provided in accordance with subsection (h), a covenant in favour of and approved by the District shall be registered in the Land Title Office limiting the use of the parcel or portion thereof containing the parking spaces to parking uses only, and prohibiting the use of the parcel requiring the spaces for any use requiring off-street parking spaces under this Bylaw unless the parking spaces are being provided on the other parcel.
- (j) Each building, structure, or parcel being used in a manner which involves receipt or delivery of goods or materials by vehicles, shall provide off-street loading spaces in accordance with the following requirements:
 - i) Each off-street loading space be no smaller in area than 37 square metres;
 - ii) Each off-street loading space shall have direct vehicular access to a public thoroughfare;
 - iii) One off-street loading space shall be provided for every 2,000 square metres, or any part thereof, of gross floor area; and
 - iv) Every off-street loading space required by this Bylaw shall be hard surfaced or gravelled and treated by the owner to render the space and the adjacent highway free from mud and dust at all times.
