

District of Barriere

REPORT TO COUNCIL

Request for Decision

Date: May 5, 2025	File: 530.20/Rpts
To: Council	From: Chief Administrative Officer
Re: 2025-2029 Financial Plan Bylaw No. 254 – Final Reading	
Recommendation: THAT Council gives final reading to the 2025-2029 Financial Plan Bylaw No. 254.	

Purpose

To consider giving final reading to the 2025-2029 Five Year Financial Plan Bylaw No. 254.

Update May 5, 2025

At the April 14, 2025, Regular Meeting, Council provided first three readings to this Bylaw. It is now presented for final reading.

Background

Sections 165 and 166 of the Community Charter require a municipality to adopt a five-year financial plan annually, before the annual property tax bylaw is adopted, and to include public consultation as part of the financial planning process. Staff is recommending that the Financial Plan Bylaw being introduced as part of this report be adopted on May 5th, 2025 at the same time as the Tax Rates Bylaw (which is also on this agenda). This will allow sufficient time to meet the regulatory deadline of May 14, 2025, for the adoption of the annual tax rates bylaw.

On March 24, 2025, Council directed staff to implement the following strategies, ranked by priority, to achieve a balanced budget:

1. Include opportunities to offset the 2025 operational and capital expenditures utilizing the COVID-19 safe restart grant for Local Governments
2. Find ways to reduce the operational expenditures by roughly \$50,000
3. Reduce the Council Requests to \$2,500 from \$45,000
4. Increase Property Tax revenue by up to 9% to meet inflationary pressures
5. A 7.5% Water service and a 5% Wastewater service increase
6. Where applicable, increase User Fees by 5%
7. As a last resort, consider balancing any shortfall within the Financial Plan with funding from Surplus and reserves.
8. Cancel the Voyent Alert subscription, valued at \$1,700.

The 2025 budget presented in this proposed bylaw incorporates the above Council Strategies, with the following financial outcomes:

1. \$95,598 increase in Property Tax revenues
2. \$14,070 increase in Use Fees revenues
3. \$27,080 increase in Water and \$5,061 in Wastewater revenues
4. \$21,500 transfer from Surplus to fund current year capital and operating expenditures.
5. \$1,854,170 transfer from reserve to fund current year capital and operating expenditures

Public Budget Presentation and Subsequent Changes:

At the March 31, 2025, Special Meeting and Public Budget Presentation, Council reviewed the consolidated information, and potential rate impacts for the 2025 budget year. Council further directed Staff to proceed with the proposed values and prepare the Financial Plan and Tax Rates Bylaws and present them to Council for first three readings at the April 14, 2025, meeting.

Staff did not include Operational Grants Revenue and Expenses until now as there are some grants which could have provided a skewed picture for the financial plan numbers as for example an additional revenue of \$75,000 is expected through the CEPF grant regarding the Leone Lake Dam, while the remaining expense of only \$55,000 is expected. Effectively, this could have shown a \$20,000 surplus for 2025 when there was actually none. Final reconciliations and estimated expenditures for all carry forward projects are now included.

The following changes are subsequently integrated into the final Financial Plan Bylaw:

1. \$257,221 – Revenue from 2024 Accumulated Surplus Carry Forwards for Operating Grant Projects that have already started.
2. \$363,356 – Additional anticipated Revenue in Government Transfers in the General Fund for 2024 Carry Forward Projects:
 - a. FireSmart & Resiliency - \$69,147
 - b. LG Development Approvals Process - \$69,832
 - c. CEPF – Leone Dam Project - \$75,000
 - d. Fire Rescue Training - \$3,607
 - e. Flood Mitigation Plan - \$75,000
 - f. Flood Plain Mapping - \$70,770
3. \$82,661 – Additional Revenue in Government Transfers in the General Fund for 2025 Projects:
 - a. Canada Day - \$1,000
 - b. LGPS – Fire Dept Training - \$27,000
 - c. Community Forest – Tree Program - \$4,661
 - d. BC hydro – Regreening - \$8,000
 - e. EMCR – Indigenous Engagement – Year 2 - \$42,000
4. \$703,238 – Operating Grant Expenses in relation to the above Operating Projects and the corresponding revenue sources.
5. \$2,500 for the District's portion of the Bulk Water Station Study (\$5,000 grant funded, \$2,500 TNRD. TNRD is managing this project and is anticipated to bill us for it in 2025)
6. \$1,000 additional use of surplus funds to cover a minor shortfall, so total use of surplus funds to balance the budget is now \$22,500. (\$11,000 for IT projects, and \$11,500 to balance operating needs)
7. The District was not successful with the application to the REDIP grant, subsequently the related capital project was removed (\$700,000 in 2025).

The changes listed above produce the following updated consolidated summary view:

2025 CONSOLIDATED FINANCIAL PLAN

Operating	
Operating Revenue	3,897,646
Operating Expenditures	(3,615,842)
Operating Surplus	281,804
Transfer to Reserves	(326,817)
Net Operating Surplus	(45,013)
Transfer to Capital	45,013
Net After Capital Transfer	-

Capital	
Debt / Loan	175,000
Capital Grants	2,756,435
Transfer from Operations	(45,013)
Transfer from Reserves/surplus	1,665,170
Transfer from DCCs	-
Net Capital Funding	4,551,592
Capital Expenditures	(4,551,000)
Capital - Surplus/Deficit	592

Bush Truck Replacement

Staff have included the purchase and 50% financing of the new Bush Truck based on Council's previous resolution. Financing would begin in the Summer of 2025 of the five-year plan. The amounts included in the Financial Plan are based on a five-year MFA equipment financing amortization, with full year annual debt servicing costs of \$38,457, based on the quoted purchase price of \$350,000.

Summary

The Financial Plan is presented for first three readings and includes the discussed and requested changes by Council including Community Support, Grant-in-Aid, Council Request (Speed Signs), and strategies to balance the budget.

Other Taxing Authority Revenue and Expenses are not listed in this Bylaw as they are not directly related to the District's 5-year Financial Plan. These transactions will occur separately and balance each other out.

Benefits or Impact

General

Adoption of a five-year financial plan is an annual requirement of the Community Charter. The 2025-2029 Financial Plan sets out the proposed funding sources, expenditures, and transfers to and from reserve funds for the current and additional four fiscal years.

Finances

The 2025 budget includes a 9% tax revenue increase, equal to \$95,598. Preliminary calculations indicate that of the 948 taxable residential properties, 769 (81%) will see a reduction or minimal increase of less than \$100 in municipal taxes (with an average of \$43 increase). 17 of 73 (23%) of commercial properties will see a minimal increase of less than \$100 in municipal taxes.

Once the Financial Plan is approved, Transfers from Reserves and Accumulated Surplus accounts would occur based on Schedule B of the Bylaw and the supplementary projects schedule.

Strategic Impact

Preparation of an annual budget and financial plan allows the District to ensure that adequate provision is made to meet its short and long-term operational and capital financial needs.

Objectives and Policies in the Bylaw have been revised to more accurately reflect current Council Strategies in relation to asset management guidelines and tax burden allocation for example.

Risk Assessment

Compliance: Community Charter

Risk Impact: The 2025-2029 Five Year Financial Plan must be adopted before the annual property tax bylaw, and on or prior to May 14, 2025. Staff is recommending that Council adopt this bylaw on May 5, 2025, alongside the Tax Rates Bylaw, to ensure the statutory deadlines are met.

Internal Control Process:

A public special budget meeting was held on March 31, 2025, in compliance with the public consultation requirement of Section 166 of the Community Charter.

Next Steps / Communication

Staff is planning to proceed with distribution of copies of the attached brochure to the public and various organizations in the community, once all the information is finalized.

Staff intends to move forward with processing of any funding and grant-in-aid requests which have been pre-approved by Council and included in the budget once the Bylaw is adopted.

Attachments

1. Bylaw 254 – 2025-2029 Financial Plan - Draft
2. Supplementary Schedule of 2025 Capital Projects for Financial Plan Bylaw
3. 2025 – Budget Brochure – April 14, 2025
4. Visual Summary – April 14, 2025
5. REDIP – Regrets Letter

Recommendation

THAT Council gives final reading to the 2025-2029 Financial Plan Bylaw No. 254.

Alternative Options

1. Council could choose to request further changes to the financial plan. However, this would result in delays to its adoption and that of the Tax Rates Bylaw.

Prepared by: D. Drexler, Chief Administrative Officer

BYLAW NO. 254
2025 - 2029 FINANCIAL PLAN BYLAW
DISTRICT OF BARRIERE

**A bylaw of the District of Barriere Respecting the Financial Plan
for the years 2025 – 2029 inclusive.**

NOW THEREFORE the Council of the District of Barriere, in open meeting assembled, enacts as follows:

1. This bylaw may be cited as “**2025 - 2029 Financial Plan Bylaw No. 254**”.
2. Schedule “A” attached hereto and forming part of this bylaw is hereby adopted as the Statement of Objectives and Policies for the Five Year Financial Plan for the years 2025 to 2029.
3. Schedule “B” attached hereto and forming part of this bylaw is hereby adopted as the Financial Plan schedule of proposed funding sources, expenditures, and transfers between funds for the years 2025 to 2029.
4. This Bylaw repeals “*Financial Plan Bylaw No.242*”.

Read a first, second and third time by the Municipal Council this 14th day of April, 2025.

Adopted this 5th day of May, 2025.

Rob Kerslake, Mayor

Tasha Buchanan, Corporate Officer

Corporate Officer

Schedule “A”
2025 - 2029 Financial Plan
Statement of Objectives and Policies

In accordance with Section 165(3.1) of the *Community Charter*, the District of Barriere is required to include in the Five Year Financial Plan, objectives and policies regarding each of the following:

1. The proportion of total revenue that comes from each of the funding sources described in Section 165(7) of the *Community Charter*,
2. The distribution of property taxes among the property classes, and
3. The use of permissive tax exemptions.

Funding Sources

Table 1 shows the proportion of total revenue proposed to be raised from each funding source in 2025.

Table 1: Sources of Revenue

Revenue Source	Amount	% of Total Revenue
Property Value Taxes	\$1,197,298	14.10%
Parcel Taxes	\$ 0	0.00%
User Fees and Charges	\$1,153,729	13.58%
Other Sources	\$4,313,461	50.78%
Proceeds from Borrowing	\$ 175,000	2.06%
Development Cost Charges	\$ 0	0.00%
Reserve Funding	\$1,654,170	19.48%
TOTAL	\$8,493,658	100.0%

- “*Property Value Taxes*” forms the first portion of revenue. As a revenue source, property taxation offers a number of advantages. This source offers a stable and reliable source of revenue for services that are difficult or undesirable to fund on a user-pay basis. These include services such as general administration, fire protection, and bylaw enforcement.
- “*User Fees and Charges*” represent the second portion of revenue. This source also offers a stable and reliable source of revenue for services on a user-pay basis.
- “*Other Sources*” includes primarily government operating and capital grants, funding from accumulated surplus, and other revenues.
- “*Proceeds from Borrowing*” represents a modest amount of revenue to cover immediate needs instead of utilizing reserve funding.
- “*Reserve Funding*” represent funding from capital reserves. This source of funding consists primarily of transfers from reserve accounts for projects and/or District share of Grant Projects.

Many services can be measured and charged on a user-pay basis. Services where fees and charges can be easily administered include water and wastewater usage, building permits, business licenses, and solid waste services – these are charged on a user pay basis. User fees attempt to apportion the value of a service to those who use the service.

Objective

- Over the next five years, the District of Barriere will continue to review the proportion of revenue that is received from taxation and user fees and charges over the current levels, while ensuring that long-term needs for capital infrastructure are addressed
- The District will continue growing our revenue sources so that government grants are not the largest source of revenue.

Policies

- The District of Barriere reviews all taxation and user fee levels to ensure they are adequately meeting both the capital and delivery costs of the service.
- Ensure that property tax increases remain as stable as possible over time, instead of large fluctuations, while utilizing a balance of inflation and construction price index to determine a reasonable taxation rate increase.
- Where possible, the District will endeavor to supplement revenues from fees and charges, rather than taxation, to lessen the burden on its limited property tax base.
- Utility rates should be increased consistently over time to fund capital reserves.
- As well, the District will actively encourage economic development and residential developments.
- Lastly, the District will encourage the use of alternate revenue streams instead of property taxes.

Distribution of Property Tax Rates

Table 2 outlines the proposed distribution of property taxes among the property classes. The residential property class provides the largest proportion of property tax revenue. This is appropriate as this class also forms the largest portion of the assessment base and consumes the majority of the District of Barriere services. Over time, the District will work to increase the industrial and business uses in the District to lessen the impact on residential properties.

Table 2: Distribution of Property Tax Rates

Property Class	Rate Multiple	% of Total Property Taxation	Dollar Value
Residential (1)	1.00	75.88%	\$878,503
Utilities (2)	3.51	0.95%	\$10,976
Social Housing (3)	1.00	0.00%	\$0
Major Industrial (4)	3.41	2.66%	\$30,834
Light Industrial (5)	3.41	2.95%	\$34,215
Business and Other (6)	2.45	17.43%	\$201,833
Managed Forest (7)	3.01	0.00%	\$0
Recreation/Non-Profit (8)	1.00	0.11%	\$1,256
Farmland (9)	1.00	0.02%	\$198
Total		100.00%	\$1,157,791

Objective

- To ensure property taxes and rates are sufficient for the District's short and long-term needs.
- To ensure equity among property classes by reviewing the ratios of property class allocations annually

Policies

- The District will look at developing new revenue sources to offset the tax rate for all classes.
- Conduct periodic reviews of taxes paid by individual classes.
- Consider tax shifts or redistributions only where a full comprehensive analysis and impact is undertaken.
- Where a tax shift is required, consider a gradual phase-in to allow the properties in the class to adjust their budgets accordingly.
- In establishing property tax rates, take into consideration:
 - The amount of property taxes levied as compared to other municipalities.
 - The property class conversion ratio as compared to other municipalities.
 - The tax share borne by each property class.
 - The tax ratios of each property classification.

Tax Exemptions

Permissive Tax Exemptions

The District provides tax exemptions for non-profit societies in our community. Non-profit groups provide key services for our community.

Revitalization Tax Exemption

The District has developed two Revitalization Tax Exemption Bylaws that encourage development and revitalization in the community. The Downtown Core and the Yellowhead Corridor are the two areas that are named in the bylaws.

Objective

- Optimize the provision of charitable and not-for-profit services for the benefit of District residents.
- Provide property tax exemptions as permitted under the *Community Charter* in a consistent and fair manner.
- Restrict the provision of exemption to those providing an extension to District services and minimize the impact on District revenues.
- Utilize the revitalization tax exemption program as a means of encouraging commercial investment and increasing the availability of housing in the community.

Policies

- District residents must be primary beneficiaries of the organization's services, and the services provided must be accessible to all members of the public.
- In guiding and approving permissive tax exemptions, Council will take into consideration:
 - Not-for-profit occupiers of District property for the duration of their occupancy.
 - Land and improvements surrounding a statutorily exempt buildings for public worship.

Council Strategies to Balance the Budget

1. Utilize remainder of COVID-19 restart grant
2. Reduce Operational Expenditures by \$50,000 minimum
3. Reduce Council requests to \$2,500
4. Property Tax increase of up to 9%
5. 7.5% Water and 5% Wastewater increase
6. 5% User Fee increases where applicable
7. As last resort, utilize Surplus to offset shortfall
8. Cancel Voyent Alert, valued at \$1,700

Application #: B16B32D6
District of Barriere

Dear Daniel Drexler and David Alderdice,

Re: Rural Economic Diversification and Infrastructure Program
Application #: B16B32D6 - Highway 5 Utility Infrastructure for Economic Development

Thank you for your application for funding under the Rural Economic Diversification and Infrastructure Program (REDIP). We would like to advise that, after careful consideration, the above-noted project was not selected for funding.

REDIP received a large number of applications during the intake period and unfortunately the total funding requested significantly exceeded the Program's available funds. As a result, the Program was not able to provide funding to your project.

This decision does not reflect on the importance of this project for your community, but rather the degree to which the program has been oversubscribed. We know significant effort goes into developing proposed projects and we appreciate the time you took to prepare your application.

Program staff are available to review your application and provide further details regarding the funding decision. If you would like to book a virtual follow up meeting, please contact the Program Office by phone at 250-356-7950 or by email at ruraldevelopment@gov.bc.ca.

The 2024-25 REDIP intake marked the third year of the program. Future funding opportunities may be announced via the REDIP website at <http://www.gov.bc.ca/REDIP>. To stay informed, we encourage you to subscribe for email updates on the REDIP website.

Please note that JEDI Regional Economic Operations staff are also available to offer support for economic development in your community. The Regional Manager for your area is Myles Bruns and their contact information is: 250-312-7322, Myles.Bruns@gov.bc.ca.

Thank you for your interest in REDIP.

Best regards,

Matthew Scott-Moncrieff, Director
Rural Programs Branch
Ministry of Jobs, Economic Development and Innovation
