## Library Makes Vehicle Repair Database Available

**For Immediate Release (June 7/18):** The Thompson-Nicola Regional Library (TNRL) is now offering patrons free access to the vehicle repair database *AutoMate*. It provides accurate, authoritative, and up-to-date service and repair information for more than 38,000 vehicles.

Whether you're repairing and maintaining your own vehicle or if you're interested in starting, *AutoMate* has information that can help. Detailed step-by-step guides, pictures, and exhaustive lists of parts and specifications provide all the information you'll need to perform basic to advanced repairs. Even if you're not mechanically inclined, *AutoMate's* parts and labour quotes can be cross-referenced against estimates from a mechanic or repair shop.

Go to <http://www.tnrl.ca/> and click the *AutoMate* logo to check it out!
