To: Whom it may concern

I am writing to you on behalf of Barriere Secondary Parent advisory Council.  
We have concerns about the speed limit in front of Barriere Secondary School.

Currently there is a school zone sign there. The sign does not have a speed marked on it. Without a designated speed on the sign, motorists only need to reduce their speed. Which means that they just have to be going less than 50km/h. In our opinion this is too fast.

At Barriere Secondary we have children as young as 12 that attend school there. We also have new drivers that are trying to navigate the parking lot. With motorists flying by at 49km/h it is an accident waiting to happen.

We would like to see a school zone similar to Barriere Elementary School. With a posted 30km/h school zone sign. This change is long overdue.

Thank you for your time

Sincerely,

Angeline Farrow

Vice- Chair of Barriere Secondary PAC
