DESCRIPTION: (Please continue on reverse side if necessary)

I would like to know who to speak to, or what can be done about reducing the speed limit in residential neighbourhoods. I live on Birch Lane in the 'Teachers subdivision' and the speed people drive is way too fast with the amount of children in this neighbourhood. I think all residential neighbourhoods should have a posted speed limit of 30km/h not 50km/h within the District of Barriere for the safety of all residents especially those out walking and those with young children.

Thank you,

Dawn Anderson
